
Strawberry keychain

Sometimes all you need is a little something sweet. Something small to crochet, finished before you know it. The strawberry keychain is part of my free keychain collection. Grab a hook, dig out your red and green scraps and treat yourself.

Instructions

Amigurumi is crocheted in continuous rounds. Crochet tightly to avoid gaps. If you do notice gaps in your work, try a smaller hook. Use a stitch marker to keep track of the beginning of each round.

Final size · Approximately 6 cm / 2.4 inch tall if indicated materials or similar are used.

SS	Slip stitch

Let’s finish!

Use some yellow yarn to embroider seeds. There is no method here, just do what feels good. ❤️

Add a keyring on a chain to hang it from your keys or bag. No keyring available? Make a small loop using a piece of green yarn instead. Attach the yarn to the top of the heart, chain 40, and fasten off at the same spot. Make sure to knot the ends of the yarn and hide them in the berry.
